

## British Triathlon Federation; CSL Patron elected President

Former British elite Triathlete and Vice President of the International Triathlon Union, **Sarah Springman OBE**, has been appointed as the inaugural President and Chair of the Board of

Directors of the British Triathlon Federation following a stringent selection process. She took up her position early in the New Year.

**Sarah said:** "I am greatly honoured to be entrusted with the task of leading the Board of the newly constituted British Triathlon Federation to set up winning partnerships with our Home Nation members of England, Scotland and Wales. It will be an extremely challenging but exciting task, and one that the new Board will relish." •

## Community Rowing Coach Joins CSL team

Our new Community Rowing coach, **Monica Relph**, joined our coaching team in December and has begun a programme of indoor rowing in Impington Village College, Parkside Community College and Bottisham Village College.

Monica has been rowing for 3 years as an athlete in the Amateur Rowing Associations 'World Class Start' programme and is looking forward to a GB training camp in August after which she will leave us to study Sports and Nutrition at Loughborough University.

She hopes that the Community Sport Coach position will be the first step towards a career as a professional Rowing Coach. •

### Job Advert

## COMMUNITY ROWING COACHES

Cambridge Sport Lakes, in partnership with Living Sport and Rob Roy Boat Club, currently has funding for 2, 6.5ph per week junior coaching positions, starting Sept 07.

Please see our website for more details or contact Aimée Mason on 01223 567360 or [aimée.mason@cambridgesportlakes.org.uk](mailto:aimée.mason@cambridgesportlakes.org.uk) for an application pack.

Applicants must hold a minimum level 2 ARA coaching qualification (or IA). Would suit post grad student, part time or self employed person.

## City Sport Success

The beautiful Easter weather saw more than 30 local children participating in Rowing and Triathlon through Cambridge City Council's, City Sport Programme, in partnership with Cambridge Sport Lakes Trust.

Triathletes at Chesterton City Sport Course, Easter 2007

Rowing courses are run with thanks to Lady Margaret Boat Club and St. John's College for use of their wonderful facilities. Cont. pg.3

Details of Summer Rowing and Triathlon courses can be found on pg. 4, or on our website at [www.cambridgesportlakes.org.uk/news](http://www.cambridgesportlakes.org.uk/news) Courses do fill up fast, so please book early to avoid disappointment! •

### ***A conversation with Rob Smith, Kayaker and CSL Volunteer extraordinaire!***

#### **How will the Lakes impact the future of your club?**

'We are finding it increasingly difficult to teach and encourage young paddlers, primarily due to concerns of safety on an increasingly congested river. To have an un-congested environment means it will be safer to teach and encourage junior and youth canoeing, and so develop a foundation of people who will carry our club forward in the future.'

#### **How will the Lakes impact your sport in this region?**

'We have many regional clubs who also have limited and congested venues where they struggle to train and race. CSL is a great opportunity for a safe and comfortable environment to be used by clubs from across the region to hold coaching, training and racing sessions. It is also a potential venue where national British Canoe Union sprint and marathon regattas could be held. I am also hopeful that leading up to the London 2012 Olympics, CSL will be identified as a venue which international Canoe & Kayak squads might consider as a precursor to moving down to the main venue at Eton.'

#### **What do you enjoy about volunteering at CSL?**

'It's great to be involved with such a monumental project and to see it develop into a facility for future generations. The country, and region, seems currently to be obsessed with building many thousands of new homes and, in my opinion, without facilities like CSL I feel there would be major shortfalls in encouraging social activity and interaction.'

*The Cam Marathon race. The picture was taken sometime during the 1980's and shows how many people enjoy coming to race on the River Cam. The race is still held, but the organisers are finding it increasingly difficult to hold with more punts, rowers, fishing and motor cruisers all wanting to use the river.*
